Vedyminaica

VIEW SOURCE

This article is an expansion based on a canon element. For canon information on this topic, follow the link to The Witcher Wiki: [Vedyminaica](#).

This fan-fiction article, **Vedyminaica**, was written by [Witcher190](#). Please do not edit this fiction without the writer's permission.

Vedyminaica - from the *vedymin*, a nilfgaardian variant name for witchers and the suffix *-aica*, is a term which consists of literary or historical materials relating to witchers and their profession. Although it also applies to scholars, historians, researchers and collectors interested in these monster hunters.

The work of the vedyminaicas, although it does not seem so, has been useful over time, especially since the [Order of Witchers](#) disappeared, the witchers divided into schools and their decline began. as it has allowed to find out many things and get to know this warrior caste better. Even during the "resurrection" of the witchers after the Second Conjunction, their work was very useful and recognized in order to obtain as much information as possible about this complicated profession.
